

The Wisconsin Veterans Home at King is a 721 bed long-term care facility. Our Medical Department is unique compared to other nursing care facilities. We provide care to eligible veterans, their spouses, widows and gold star parents needing skilled nursing care. We are capable of caring for individuals having a wide variety of needs.

Dr. Alan Strobusch, *Medical Director*

Dr. James LeBouef, *Dentist*

Crystal Hardel, *Nurse Reviewer*

WISCONSIN *Veterans* HOME @ KING

In more ways than one, the Wisconsin Veterans Home at King is located in the heart of Wisconsin.

Just off State Highway 22, on County Road QQ, the Veterans Home is 3 miles southwest of Waupaca, 98 miles north of Madison, and 38 miles west of Appleton.

Honoring
All Who Served

We are a skilled nursing facility providing care in:

- Alzheimer's & Dementia care, including a secure living environment for those who wander
- Chronic tracheostomy care
- Daily sick-rounding physician
- Diabetic consultant services
- Four on-site Advanced Practice Nurse Prescribers
- IV therapy
- Nutritional services
- On-site Medical Director
- On-site pharmacy
- Oncology care
- Palliative Care/Hospice
- Post-surgical care
- Rehab services
- Respiratory care
- Stroke and neurological care
- Total parenteral nutrition
- Tube feeding
- Wound care

We are NOT able to provide care for the following:

- Cuffed tracheostomy
- Ventilator dependence

Because the VA subsidizes part of a qualified veteran's cost to live at the Wisconsin Veterans Home, daily out-of-pocket rates for the qualified veteran are well below average and include the cost of medications.

Although it is not a requirement to have a service-connected disability to reside at King, did you know the Federal Veterans Administration will pay the full cost for nursing home care for veterans who meet any of the following criteria? Note: We also welcome qualified non-Wisconsin residents.

1. Veterans rated at least 70 percent disabled due to service-connected disability or disabilities.
2. Veterans who have a rating of total disability based on individual unemployability (TDIU).
3. Veterans with any level of service-connected disability, if that disability is the primary reason for nursing home services.
