# CHAPLAIN'S CORNER

WRITTEN BY  
CHAPLAIN BEN SCHROEDER

*“And she brought forth her firstborn son, and wrapped Him in swaddling clothes, and laid Him in a manger; because there was no room for them in the inn.”*

— (Luke 2:7/KJV)

## HUMBLE BEGINNINGS

Have you ever noticed how depictions of Jesus' birthplace on Christmas cards look so charming? Those picturesque Nativity scenes stir up warm and sentimental feelings. You might even imagine yourself rolling out a sleeping bag and spending the night there with some hot chocolate and Christmas cookies.

It might be helpful to remember that a manger is a feeding trough for livestock. Jesus was born in a cattle stall. The temperature in that place was not so comfortable. The smells were not so pleasant. The sleeping arrangements were far from ideal for the new-born King. Yet this God-ordained setting for

Jesus' birthplace is a powerful foreshadowing of what Jesus' whole life would be: one of humility, service, and sacrifice.

Experiencing warm and sentimental feelings at Christmas is a good thing. And I look forward to drinking hot chocolate and eating Christmas cookies. With that said, as we gaze into the manger once again this Christmas may we clearly see the humble Savior. He gave up all His glory to become the God-man and die on the Cross for our sins. Then he rose again from the dead to give us eternal life. That stirs up joy and gratitude in the hearts of God's children! Blessed Advent/Christmas to all of you!

## MEETING THE TEAM

Hello, we are Lori and Robert Fulmer. We are rather new volunteers at King, and this past summer Bob became the new part-time LTE boat driver. Since we have retired to the area and have a deep respect and gratitude for our veterans, it was natural for us to want to be here.

Bob and I have been married for 32 years and have two beautiful daughters and two exceptional granddaughters. A new granddaughter was born this past August. Our daughter Kelsey lives in Appleton and Gretchen and her family live in the Minneapolis area.

While Bob was an occupational therapist at the Winnebago Mental Health Institute for 31 years, I worked as a teacher for 28 years. We are also involved with delivering Meals on Wheels and with the Foundation for Living. When we aren't enjoying our family or volunteering, I enjoy reading, playing pickleball, yoga, or gardening. Bob likes hunting, fishing, or cross-country skiing. Together we like to go hiking, kayaking, biking and snowshoeing. We hope to see you in the halls at King or on the trails.
