

OVERVIEW

Wisconsin has earned a distinguished reputation nationally for instituting programs and services that meet the needs of its residents who served in the U.S. armed forces and their families. The state's proud tradition of providing these services began soon after the Civil War to alleviate the suffering of destitute veterans and their families.

In 1887, the Grand Army of the Republic (GAR), a prominent organization representing Civil War veterans, founded the Grand Army Home at King. This facility near Waupaca was eventually turned over to the State of Wisconsin and became the Wisconsin Veterans Home at King. In August 2001, the Wisconsin Veterans Home at Union Grove opened and in February, 2013, the Wisconsin Department of Veterans Affairs opened a new 72-bed Veterans Home in Chippewa Falls, Wisconsin. Each of the veterans homes offers high quality skilled nursing care and retirement options for veterans and their spouses.

In 1901, the state honored Civil War veterans by establishing a GAR headquarters and museum in the State Capitol. In 1989, the Legislature authorized the Wisconsin Department of Veterans Affairs to build a new museum, honoring veterans from all wars, across the street from the Capitol. The award-winning Wisconsin Veterans Museum opened in 1993.

In 1919, the state issued its only wartime bonus to Wisconsin veterans of World War I. In 1945, rather than issue a wartime bonus with little lasting value, the Legislature created programs that offered long-term benefits for state veterans and their families.

To administer state veterans programs, the Legislature created the Wisconsin Department of Veterans Affairs (WDVA) in 1945. The department was given the administrative responsibility for the Grand Army Home at King, the GAR Memorial Hall in the Capitol, the state's economic and education assistance benefits for veterans, and other programs. It also assumed responsibility for segregated funds for veterans that were combined in 1961 to form the Veterans Trust Fund.

Today, WDVA provides an array of benefits and services to eligible state veterans and in some instances, veterans' family members. To deliver these benefits and services, WDVA works closely with county veterans service officers (CVSOs), Tribal veterans service officers (TVSOs), state veterans service organizations (VSOs), the University of Wisconsin System, Wisconsin Technical College System, Office of the State Public Defender (OPD), Wisconsin Department of Revenue, and the United States Department of Veterans Affairs (USDVA).

AGENCY DESCRIPTION

The department was created by Chapter 580, Laws of 1945, to ensure that the state's veterans receive the state benefits to which they are entitled and to assist them in securing their federal veterans benefits. The department is headed by a Secretary appointed by the Governor.

Programs included in the department's mission are the: Wisconsin Veterans Homes, Wisconsin Veterans Memorial cemeteries, Veterans Administration Regional Claims Office, Military Funeral Honors Program, Veterans Assistance Program and the Wisconsin Veterans Museum. For the most part, these programs are designed to provide health, educational assistance, economic assistance and other services to specified veterans of the armed forces of the United States.

MISSION

The mission of the department is to work on behalf of Wisconsin's veterans community—veterans, their families and their survivors—in recognition of their service and sacrifice to our state and nation.

OFFICE OF THE SECRETARY

The Office of the Secretary drives the department's overall strategy and long-range planning initiatives and oversees the operations of the WDVA.

The Office of the Secretary includes:

Secretary

The Secretary works closely with the Governor's office, other heads of Wisconsin State agencies, the regional directors of the United States Department of Veterans Affairs and state and federal legislators to ensure the department's overall mission and goals provide value to the veterans living in the State of Wisconsin. The Secretary oversees the operation of three veterans homes that provide long term care, three veterans cemeteries, a claims assistance center, and many other programs and services for our state's veterans.

Deputy Secretary

BPPB develops, monitors and manages the department's annual and biennial capital budgets; provides policy and statistical analysis of department programs; coordinates risk assessment, internal control development and internal audit services; and maintains effective working relationships with the State Budget Office, Legislative Fiscal Bureau and United States Department of Veterans Affairs officials. OPPB also coordinates collection and analysis of demographic data concerning Wisconsin veterans; department-wide planning and development of internal policies, administrative procedures and business improvement projects; and implementation of strategic planning. BFS is responsible for all financial operations in the department. BFS manages the accounts receivable and payable functions; maintains all contracts, purchase orders and purchase cards; administers loan accounting and servicing; and oversees strict adherence to internal controls.

Office of Legal Counsel

The office also coordinates WDVA's rulemaking activities.

Office of Public Affairs

The Office of Public Affairs is responsible for overseeing and managing the WDVA public information activities and media relations. It is responsible for developing and implementing communications and public relations strategies with regard to priorities of the agency.

The Office is also responsible for planning statewide public events such as press conferences, listening sessions, town hall meetings and special ceremonies for veterans holidays such as Veterans Day, Memorial Day and many others.

RECENT ACCOMPLISHMENTS FOR WISCONSIN VETERANS

Biennial Budget

The 2013-15 budget provided \$5.3 million general fund tax dollars to the Veterans Trust Fund in addition to permitting the WDVA to transfer any unencumbered program revenue (PR) balance from any of the homes operation appropriations or the mortgage loan repayment fund.

The veterans home at King was provided 110.6 FTE PR positions and the associated authority to meet the increase in member acuity levels in addition to \$603,600 in PR in fiscal year to fund the cost of replacing 100 patient lifts and to fully fund master lease payments for prior purchases. The veterans home at Union Grove was provided 40.0 FTE PR positions and the associated expenditure authority to staff the newly constructed Gates Hall skilled nursing facility and to add

a 1.0 FTE security supervisor and two half-time security officers to improve after hours and weekend security.

The veterans home at Chippewa Falls was provided \$1,180,000 PR in fiscal year 2013-14 and \$1,170,000PR in fiscal year 2014-15 to reflect costs of operating the home. In addition 2.0 FTE were transferred from the veterans home in Union Grove to Chippewa Falls for the Commandants position and an Accountant.

A task force was created to be chaired by the WDVA with representatives from the Department of Health Services, Corrections, Military Affairs, and Administration to provide recommendations to the Governor and the Legislature on the future operations of the homes and review opportunities for coordination of interagency services.

Other biennial budget items included a permanent exemption from the long-term care bed assessment for state veterans homes, providing 1.0 FTE PR to improve debt collection, provide 5.00 FTE FED and associated expenditure authority at the Southern Wisconsin Veterans Memorial Cemetery and additional spending authority for the Northern Wisconsin Veterans Memorial Cemetery for additional LTE's.

The budget gave the WDVA the ability to admit veterans and spouses who do meet the one-year residency requirement, expanded eligibility to the Wisconsin G.I. bill, permit two tribal colleges the ability to receive reimbursement from tribal gaming revenues, increased the Tribal Veterans Service Officer Grants by \$1,500 annually, provided \$500,000 SEG to VETTransfer to support entrepreneurial training and start-up grants to veterans, repealed the disabled veterans employment tax credit and instead provided a \$500,000 grant program to employers administered by the Department of Workforce Development to employers who hire disabled veterans, and provided an income tax exemption for armed forces members who die on active duty.

Finally, the biennial budget also expanded the property tax credit, provided vouchers for returning veterans for hunting and fishing, created a sum sufficient SEG appropriation for Military Funeral Honors to support stipend payments to veterans service organizations, provided to the state veterans museum 1.0 SEG FTE to increase outreach and \$625,600 for maintenance improvements, moved positions from classified to unclassified to be consistent with other state agencies, moved the Commandants of the homes to classified service to improve continuity of operations and deleted a unused 1.0 FTE unclassified Division Administrator position, and made several technical statutory language changes.

Developing the Veteran Workforce

In an effort to promote the businesses of military veterans, 2013 Wisconsin Act 192 established a benchmark for state agencies to attain when contracting. Under the law, state agencies must attempt to ensure they pay disabled veteran-owned businesses at least 1-percent of the total

amount expended for state procurements or certain state construction projects in each fiscal year. The WDVA also let an interagency task force that identified three professions for accelerating civilian certification: law enforcement, nursing, and commercial truck driving. Funded by a grant from the National Governor's Association, the task force led to the creation of the LEAD, Vet2RN, and MOVE-IT programs to help veterans with certain military training enter the civilian workforce faster.

Providing Assistance to Those that Assist Veterans

Countless organizations in communities across the state provide services and assistance to veterans and their families. Many of these organizations lack sufficient financial funding to serve as many veterans as possible. So 2013 Wisconsin Act 190 authorized the WDVA to award up to \$250,000 in grants, up to \$25,000 each, to nonprofit organizations that provide assistance to veterans or their families.

Moses Hall Authorization

The WDVA provides skilled nursing long term care on three campuses, the oldest campus is at King. Legislation, 2013 Wisconsin Act 187, authorized the John R. Moses skilled nursing facility at King, which will be a 200-bed skilled nursing facility that will replace the aged Stordock Hall and will be state-of-the-art in design and function.

50th Anniversary of the Vietnam War

In March 2013, WDVA Secretary John Scocos, along with Governor Scott Walker, kicked off the Commemoration of the 50th Anniversary of the Vietnam War at a ceremony with Vietnam veterans at the Capitol.

More than 165,000 Wisconsinites served in Vietnam, with 1,239 paying the ultimate sacrifice. With about 135,000, Vietnam veterans are the largest group of living veterans in Wisconsin.

President Barack Obama has proclaimed May 28, 2012 through November 11, 2025 as the Commemoration of the 50th Anniversary of the Vietnam War. The President is calling all to honor Vietnam veterans, the fallen, the wounded, those unaccounted for, former prisoners of war, their families and all who served.

The WDVA has joined the Vietnam War Commemoration as a commemorative chair. The Commemorative Partner Program is designed for federal, state, and local communities, as well as veterans' organizations and nongovernmental organizations to assist in thanking and honoring our nation's Vietnam veterans with dignified, memorable events to pay tribute to all veterans.
