WDVA Bulletin No. 1007

TO:    County Veterans Service Offices

SUBJECT:    Improvements to the General Eligibility Determination Process and WDVA 1800 Letter

The purpose of this bulletin is to describe improvements to the Wisconsin Department of Veterans Affairs (WDVA) general eligibility determination process and the format and completion of the WDVA 1800 letter.

- The general eligibility determination process is used to inform veterans of their **eligibility to apply** for several benefits available under Wisconsin State Statute Ch. 45.

- Previously the status of an eligibility application was only changed to “Eligibility Approved” in VBATS if the veteran met the general eligibility requirements under ss. 45.01(12) and ss. 45.02. After the status was change to “Eligibility Approved” in VBATS, the appropriate boxes were checked on the WDVA 1800 letter to indicate what benefits the applicant was eligible to apply for.

- Effective immediately, if an applicant meets the criteria **for at least one benefit listed on the WDVA 1800 letter**, the eligibility application status is changed to “Eligibility Approved” in VBATS, and the appropriate boxes are checked on the WDVA 1800 to notify veterans of other Chapter 45 benefits they may be eligible to apply for.

- We have added detail to the wording on the WDVA 1800 letter including statute references for each benefit program.

- The printed WDVA 1800 letter will no longer contain information regarding residence status at the time of entry or since the time of entry. This information will still be available on the electronic copy of the WDVA 1800 letter in VBATS, but it will not print on the applicant’s copy of the WDVA 1800.

- An email notification will be sent to the CVSO staff member who started or submitted a general eligibility application when the eligibility application status is changed to “Eligibility Approved.”

- The completed WDVA 1800 letter will be available in VBATS for future reference.

- A copy of the revised WDVA 1800 letter is attached.
