

January 12, 2022

Dear King Members, Friends, and Family:

Since the first case of COVID-19 was diagnosed in Wisconsin, our practices and procedures have continually evolved, but one thing remains the same - our dedication to our members, to each other, and to our community. We hope you and your loved ones are healthy.

Since we updated you yesterday, we have had 2 members and 9 employees test positive for COVID-19. Currently, we have 48 cases of COVID-19 on campus (6 members, 42 employees).

The COVID cases in Wisconsin continue to rise, so we urge everyone to take extra precautions to keep yourself and your loved ones safe. All of Wisconsin continues to be in very high and critically high community transmission. We continue to screen daily and test often to quickly identify any additional cases. We are working with local and state public health officials while following all guidance from the CDC and CMS to ensure we are doing everything possible to keep the members and team members safe.

While we permit visitors, we ask that anyone who feels ill or has any symptom of COVID-19 to postpone their visit and get tested before visiting. While you are visiting with your loved ones, please wear a face mask, practice physical distancing, and limit your movement throughout our care community as much as possible.

Thank you for your commitment to the health and safety of our campus.

Sincerely,

A handwritten signature in black ink that reads "T. Servatius".

Tammy Servatius, Commandant
