

January 13, 2022

Dear King Members, Friends, and Family:

Omicron continues to take a toll in our state and in our community.

Since we updated you yesterday, we have had 5 employees test positive for COVID-19. Currently, we have 52 cases of COVID-19 on campus (6 members, 46 employees).

As you can see, like everywhere in the health care industry, we are experiencing surge in the number of caregivers who are ill. We have been able to bring in extra staff to help, but we must all continue to be very diligent in our practices to stop the spread of the virus. Thank you for helping us in that effort.

As always, wear a mask when out, remain six feet away from others, avoid gatherings, crowds, and poorly ventilated spaces, wash your hands frequently, and get vaccinated.

Thank you for your commitment to the health and safety of our campus.

Sincerely,

A handwritten signature in black ink that reads 'T. Servatius'.

Tammy Servatius, Commandant
