January 18, 2022

Dear Union Grove Members, Friends, and Family:

All of Wisconsin and Racine County continue to experience critically high levels of COVID-19 and the Omicron variant. We urge everyone to take extra precautions to keep yourself and your loved ones safe.

Since we last updated you on January 14, we have had 7 employees and 3 members test positive for COVID-19. Currently, we have 33 cases of COVID-19 on campus (7 members, 26 employees).

Please do your part by wearing a mask, remaining six feet away from others, avoid gatherings, large crowds, poorly ventilated spaces, wash your hands frequently, and get a vaccine and booster shot.

The CDC and Wisconsin Department of Health are recommending vaccines and booster shots for everyone over the age of 12. To find a vaccine or booster location near you, please visit: *https://www.cdc.gov/coronavirus/2019-ncov/vaccines/booster-shot.html.*

Thank you for your commitment to the health and safety of our campus.

Sincerely,

Syble Barry
