

February 3, 2022

Dear King Members, Friends, and Family:

We appreciate all who are doing your part to exhibit healthy behaviors in your daily routine to reduce your exposure to COVID-19 in the community. We are grateful to see a decline in virus cases in our Home, however all parts of our state remain in critically high levels of COVID-19 transmission.

Since we updated you yesterday, we have had 5 employees test positive for COVID-19. Accounting for recent recoveries of employees and members, currently we have 30 cases of COVID-19 on campus (6 members, 24 employees).

Finally, if you are feeling sick, please get tested. Whether you have COVID-19, the flu, or something else, a proper diagnosis gets you treatment faster and protects everyone around you. Please continue to wear a N95 or KN95 mask when out, remain six feet away from others, avoid crowds, poorly ventilated spaces, wash your hands frequently, and get vaccinated.

Thank you for your continued commitment to the health and safety of our campus.

Sincerely,

A handwritten signature in black ink that reads 'T. Servatius'.

Tammy Servatius, Commandant
