

02.04.2022 Veterans Home Weekly Family Updates

Dear Family & Friends -

**Happy Birthday to the Veterans Home!**

Nine years ago today, the Veterans Home at Chippewa Falls opened! Check out our birthday announcement on [our Facebook page](#).

**Here is our current COVID-19 information:**

Since our last update, one team member is confirmed to have the virus, one team member is suspected to have the virus, and one team member recovered.

**Current & Cumulative COVID-19 Cases:**

|  |  |
|--|--|
| Current <b>Active</b> COVID-19 Confirmed Positive:                               | 6 (five employees, one member)   |
| Current <b>Active</b> COVID-19 Suspected Positive:                               | 1 (one team member)  |
| Cumulative COVID-19 Confirmed Positive (since the Pandemic began in March 2020): | 113 (twenty-seven members, eighty-three employees, three contracted individuals) |
| Cumulative COVID-19 Suspected Positive (since the Pandemic began in March 2020): | 4 (one members, three employees)   |
| Total <b>Recovered</b> (since the Pandemic began in March 2020):                 | 106 (twenty-three members, eighty employees, three contracted individuals)       |

**N95 or N95 Masks:**

KN95 masks need to be worn while at the Veterans Home to provide additional protection. If you would like to wear an N95, please ask so we can get you one. The CDC continues to recommend that we all wear the most protective mask that we can, that fits best, to help fight the Omicron variant. Click here for more information from the CDC on masks: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/types-of-masks.html> <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/about-face-coverings.html>

**COVID-19 Plan:**

Our comprehensive COVID-19 Infection Prevention and Response Plan is in place to help our team prioritize the health and safety of everyone who lives in and works at the Veterans Home. This plan includes:

- Requiring team members be vaccinated against COVID-19 while encouraging members and families to get the COVID-19 vaccine;

- Utilizing appropriate personal protective equipment, including a well-fitting face covering or mask that covers the mouth and nose;
- Screening and monitoring members, team members, and visitors for symptoms;
- Using alcohol-based hand rub regularly;
- Tracing individuals who come in contact with anyone affected;
- Testing members and team members based on federal and state guidance;
- Quarantining COVID-19 positive members and implementing enhanced infection control measures;
- Advising COVID-19 positive team members to take all appropriate measures;
- Taking environmental safety precautions, such as disinfecting high-touch surfaces and designated visitation areas after each visit;
- Assuring safe congregate dining and group activities with social distancing; and
- Adhering to safe visitation procedures, including maintaining six feet of distance between persons.

**Boosters:**

The timeframe to get your booster is 5 months after your Pfizer or Moderna series. [Click Here](#) to find out more information about the boosters. [Click Here](#) to sign up for your COVID booster or vaccine at a vaccine site near you.

Please see our website for our full COVID-19 Infection Prevention and Response Action Plan.

Best,

**Megan M. Corcoran, NHA | Administrator**  
Wisconsin Veterans Home at Chippewa Falls
