

February 11, 2021

Dear King Members, Friends, and Family:

It's been 10 days since our last letter. During that time we've had no new cases of COVID-19. Today, **I am happy to report that we currently have ZERO cases of COVID-19 at our Home!** With over 1,000 people on campus, this is great news. I would like to take a moment to thank and commend the staff for all of their efforts. This past year has been difficult as we've navigated our way through a pandemic. While we aren't out of the woods yet, I'd like to give an extra pat on the back to those who continue to work so hard to care for the veterans and loved ones who live here.

I'd also like to thank the activities staff for keeping us busy indoors during this cold snap. For those of you who would like a glimpse of what we are up to, I encourage you to visit our [Facebook page](#). We regularly post pictures and useful information there. You can find our page by searching for "WisVets."

I'd like to thank members and staff who participated in the vaccine clinics. Here at King, our staff have exceeded the national average rate of caregivers in long-term care who have been vaccinated. With members and employees getting their second dose recently, I am hopeful that we can begin to turn the corner with regard to this virus.

Thank you, again for your encouragement and support. Keep warm and stay safe. As always, mask up, wash your hands frequently and stay socially distant.

Sincerely,

A handwritten signature in black ink that reads "T. Servatius".

Tammy Servatius, Commandant
