

February 22, 2022

Dear King Members, Friends, and Family:

We greatly appreciate all who are doing your part to exhibit healthy behaviors in your daily routine to reduce your exposure to COVID-19. Waupaca County is still reporting very high COVID-19 case activity today. Please take steps to protect yourself and others while in the community.

Since we last updated you on February 9, we have had 1 employee test positive for COVID-19. Accounting for recent employee and member recoveries, currently we have 2 cases of COVID-19 on campus (0 members, 2 employees).

As always, please exercise personal caution to remain safe and healthy. If you do plan to visit our Home, all visitors are required to check-in when arriving, wear an N95 or KN95 mask indoors, maintain 6 feet distance from others, and wash your hands frequently.

We continue to ask everyone to please get vaccinated and boosted if you haven't been already. The Omicron variant of the virus remains extremely contagious and spreads easily. If you are still in need of a vaccine, visit <https://vaccinefinder.org> to find a location near you.

Thank you for your continued understanding and support of our Home.

Sincerely,

A handwritten signature in black ink that reads "T. Servatius".

Tammy Servatius, Commandant
