

February 23, 2022

Dear Union Grove Members, Friends, and Family:

The Wisconsin Department of Health Services continues to report COVID-19 virus cases declining in our state today. While we are grateful to see the virus cases also decline in Racine County, the Omicron variant remains extremely contagious in the community. Please continue to exhibit healthy behaviors in your daily routine to mitigate the spread into our Home.

Since we updated you on February 21, we have had 2 employees test positive for COVID-19. Accounting for recent recoveries, currently we have 3 cases of COVID-19 on campus (0 members, 3 employees).

If you are feeling sick, please get tested. Whether you have COVID-19, the flu, or something else, a proper diagnosis gets you treatment faster and protects everyone around you. Continue to wear an N95 or KN95 mask when out, remain six feet away from others, avoid crowds, wash your hands frequently, and get vaccinated.

Thank you for your commitment to the health and safety of our Home.

Sincerely,

*Kimberly Storlie*

Kimberly Storlie, LNHA
