

Veterans Home - Chippewa Falls

3.30.2022 Veterans Home Weekly Family Updates

Dear Family & Friends -

The Veterans Home identified one member to be positive for COVID-19 today. At this time, that is the only COVID-19 case at the Veterans Home. All households remain open for visitors. Please understand the risks associated with visiting, which are listed at the front desk. Additionally, please continue to wear masks, screen in appropriately, and visit in the member's room only to keep exposure to a minimum at the Veterans Home.

The members' COVID-19 updates now come through their TVs - on the Veterans Home News Channel (Channel 900). Please encourage them to utilize this channel for updates, menus, activities, and any other updates or pictures of recent events.

As we learn more, we will update you via this emailing and texting system in Lifeloop. If you have questions, please call at 715-720-6775.

If you have other family members who would like to receive the updates through LifeLoop, please let Jane Lindblad or the social workers know.

Best,

A handwritten signature in black ink, appearing to read "Megan M. Corcoran".
