

September 20, 2021

Dear King Members, Friends, and Family:

The state Department of Health Services reported that Wisconsin has now surpassed 700,000 cases of COVID-19 since the beginning of the pandemic last year. In addition, the seven-day average of new confirmed cases continued its rise over the weekend. We must all continue to be vigilant in our efforts to prevent the spread of this devastating virus.

Since we last updated you on September 15, we have had one member test positive for COVID-19. Currently we have four cases of COVID-19 on campus (one member, three employees). As a reminder, we are reminding visitors to check in before visiting campus so that you can ensure that you will not be disappointed when you arrive. Call or visit [www.WisVetsHomesCOVID.com](http://www.WisVetsHomesCOVID.com) before visiting.

We all need to do our part to stop the spread of COVID-19. If you haven't already, please consider getting vaccinated if you are able. Do not let your guard down. Please continue to adhere to the guidance set by the Centers for Disease Control when it comes to face coverings, social distancing, and hand washing.

Sincerely,

A handwritten signature in black ink that reads "T. Servatius".

Tammy Servatius, Commandant
