

## **Visiting Members at the Wisconsin Veterans Home at King**

Beginning **Monday, March 22, 2021**, you will be able to visit your member in their room! We are thrilled to be able to welcome you back. Everyone here is excited to see our family and friends back on campus.

Below are the campus visit guidelines. Guidelines apply to all visitors and visits regardless of an individual's vaccination status.

- All entrances to the campus will be open.
- All walking paths entering the campus will be open.
- Cement road barriers have been removed on the roadway between King Fisher and Ainsworth Hall.
- The front doors will be open as visitors and volunteers will be free to enter the campus.
- Well-fitting face masks must be always worn by guests and members during the visit. You must be masked prior to entering any of the buildings.
- Please refrain from engaging members who you are not at King to visit in order to limit exposures.
- As a visitor you will be required to sign in using our KIOSK stations located in each lobby. There will be directions at each station for you to follow. The KIOSK is designed to screen you and take your temperature.
- Sanitize hands before entering the nursing floors and engaging with your loved one.
- The member you are visiting with should remain masked for their safety as well. Please encourage them to remain masked during your visit.
- Our members will be free to leave the campus with families and friends and will not be required to quarantine upon return. While out, a member should wear their mask, not touch their face, and should wash or sanitize hands.
- We will still only gather in very small groups.
- We continue to observe six feet of social distance.
  - If two weeks has passed since the member received his/her 2nd COVID vaccine, physical touch can occur.
  - If touching occurs, both member and guest must perform hand hygiene before and after touching for safety.
  - Please ensure families always keep six feet of distance from other members and staff.
- You may bring personal items in for members directly.

Please follow these guidelines so we can make sure we continue to do all we can to ensure that we can continue to have these kind of visits indefinitely.

Thank you.
